
17. Expansion Potential

a.) Potential for two epic feature films: Author J. J. Alani's two film scripts — the first script and the sequel — from which this TV series was developed are ready and registered at WGA and the Library of Congress. This TV Series of nearly 400 pages could easily be turned into two or perhaps even three film scripts.

b.) To appeal primarily to children and teen viewers, there is definite potential for a Cartoon version of the Gilgamesh epic by moderating or deleting the sexual scenes and violent battles.
